

SUPPLY CHAIN MANAGEMENT (SCM)

icddr,b is issuing a

Request for Proposals (RFP):

Development of Mobile & Web Application on Legal Rights, Human Rights, and Gender-Based Violence (GBV) Awareness for Key Populations (KPs), HIV Programme, icddr,b

RFP Ref. No. icddr,b/SCM/RFP/DEC2025/PR-25-06908

Contracting Entity:

icddr,b
68 Shaheed Tajuddin Ahmed Sharani
Mohakhali, Dhaka 1212

LETTER OF INVITATION

Date: Thursday, December 18, 2025

Request for Proposals Reference: icddr,b/SCM/RFP/DEC2025/ PR-25-06908

Dear Sir/Madam,

icddr,b is issuing an RFP for **“Development of Mobile & Web Application on Legal Rights, Human Rights, and Gender-Based Violence (GBV) Awareness for Key Populations (KPs), HIV Programme, icddr,b”** from bona fide entities (hereinafter referred to as “Proposer”) who are capable and willing to provide service on property assessment as required within the given timelines in an efficient, seamless and secure manner and as per details listed out in this document.

This RFP does not obligate icddr,b to execute a contract nor does it commit icddr,b to pay any costs incurred in the preparation and submission of the proposals. Furthermore, icddr,b reserves the right to reject any offers, if such action is considered to be in the best interest of icddr,b.

Sincerely,

Mirza Muhammad Masud Rana
Sr. Manager, Supply Chain Management
icddr,b

REQUEST FOR PROPOSAL (RFP)

Development of Mobile & Web Application on Legal Rights, Human Rights, and Gender-Based Violence (GBV) Awareness for Key Populations (KPs), HIV Program, icddr,b

1. Introduction

icddr,b, with support from the Global Fund and under the leadership of the AIDS/STD Program (ASP), is implementing HIV prevention interventions for key populations (KPs) across Bangladesh. To strengthen awareness on legal rights, human rights, and gender-based violence (GBV), icddr,b seeks a qualified software development firm to design, develop, and deploy a secure, user-centric mobile and web application targeted towards members of KPs.

This Request for Proposal (RFP) invites eligible bidders to submit technical and financial proposals in accordance with the Terms of Reference (ToR) provided at Annex A.

2. Background

Key populations at risk for HIV in Bangladesh—continue to face discrimination, legal risks, and limited access to essential information. The Domestic Violence (Prevention & Protection) Act, 2010 and other statutory frameworks offer protection, but KPs often lack safe and confidential avenues to access information and services.

Digital interventions have shown promise globally in improving rights awareness and linking vulnerable groups to support systems. icddr,b intends to develop a locally contextualized, Bangla/English mobile (Flutter) and web application that ensures confidentiality, anonymity, and secure reporting.

3. Objectives of the Assignment

The goal of the assignment is to develop and operationalize a mobile and web application that:

1. Provides accurate, locally relevant human and legal rights information.
2. Delivers safety planning and psychosocial support tools.

3. Offers anonymous, secure reporting/referral pathways and emergency help.
 4. Supports monitoring and learning through anonymized analytics.
-

4. Scope of Work

The selected vendor will:

- Conduct detailed requirement analysis with icddr,b teams.
 - Design UI/UX suitable for KP needs (low-literacy, safety-first, anonymity).
 - Develop mobile apps (Flutter) and web platform with full functionality.
 - Implement all features listed in the ToR (below).
 - Ensure data security, encryption, minimal data collection, and safe-exit design.
 - Deploy system, conduct UAT, and resolve bugs.
 - Train icddr,b users and provide documentation.
 - Provide one-year free maintenance support.
 - Implement version control, hosting setup, and deployment.
 - Implement security hardening for hosting infrastructure services (i.e. application, database and related server/servers)
 - Provide source code and technical documents.
-

5. Deliverables

A. Technical Deliverables

- System Requirement Study Report
- System Analysis Report
- Fully developed mobile app (Android) & responsive web application
- Admin Dashboard with analytics
- Setup, Configuration Manual
- User Manual (Bangla & English)
- Complete Source Code and Documentation (CD/DVD/token drive)
- Training for users and technical staff
- Deployment, UAT & bug fixing
- One-year maintenance support plan

B. Maintenance & Support

- One-year free support after commissioning
- Annual Maintenance Contract (AMC) proposal after Year 1

- Updates, patches, troubleshooting, and service-level commitments
 - Backup & Restoration of App and database
-

6. Timeline

- **Development + UAT:** 8 weeks from work order
 - **Trial & Bug Fixing:** 2 weeks
 - Total: 10 weeks**
-

7. Eligibility Criteria

Bidders must meet the following minimum requirements:

1. Registered company in Bangladesh with valid Trade License, TIN, VAT. (Overseas companies must partner with a BD-registered entity.)
 2. At least 5 years in operation.
 3. Minimum 3 years' experience developing similar applications for reputable organizations.
 4. Demonstrated capacity with:
 - System requirement study
 - Project management plan
 - Documentation plan
 - QA plan
 - Training plan
 - Backup & Recovery Plan
 - Maintenance & support plan
 5. Relevant team leader and technical staff with proven competency.
 6. Company profile including technical strength, organizational setup.
 7. Existing client list for similar digital solutions.
-

8. Proposal Submission Requirements

Technical Proposal

- Company profile and legal documents
- Organizational structure & staff qualifications
- Past experience & evidence of similar work

- Technical approach and methodology
- Work plan & timeline
- System architecture and technology stack
- QA, UAT, deployment and data-security plan
- Backup and Recovery Plan for Application and Database
- Maintenance & support plan

Financial Proposal

- Cost breakdown by module, manpower, and timeline
 - Cost of one-year free maintenance (should be included in above)
 - Annual Maintenance Cost proposal for subsequent years (separate)
 - All costs in BDT (VAT inclusive)
-

9. Evaluation Criteria

A. Preliminary Evaluation

Yes/No based-on eligibility criteria.

B. Technical Evaluation (80)

The bidder qualifying in Preliminary Assessment is eligible for Technical evaluation – the Technical evaluation will highlight the following:

1. Product & Solution
2. Capacity
3. Experience
4. Presentation

The criteria described in the table below form the basis for evaluation of proposals. All information requested in this ToR must be provided. Proposals not meeting the above requirement will receive no further consideration during the evaluation process. The evaluation procedure may include developing a short list based on the stated criteria. The short-listed proponents may be asked to prepare a presentation, prior to the final selection. Information gathered from the presentation may also be used to adjust scores attributed during the evaluation of the written responses.

Type of technical evaluation	Parameters	Score
Technical proposal review	A) Organization and Staff Competency and Reliability, General references, organizational setup, list of existing manpower, relevant technical strength of the firm	10
	B) Project Specific References (previous experience similar to this project), clients' satisfaction with proponent's expertise	10
	C) Technical Approach to Project plan (management plan, resource plan), Proposed methodology, Work schedule, etc	10
	D) Understanding of the Objectives, Scope of Work, Expected Services and Deliverables as per ToR	10
	E) Sustainability of Operations. Technically, financially and operationally	5
	F) Maintenance plan and support service as per ToR	5
Product Demonstration	Demonstration on Product as per defined features and functionalities	30
Sub Total		80

C. Financial Evaluation: 20

10. Evaluation Process.

- A two-stage procedure will be followed in evaluating proposals, with an evaluation of the Technical Proposal being completed before any Financial Proposal assessment. Evaluators of the technical proposals shall have no access to the Financial Proposals until the technical evaluation is completed.
- icddr,b will use the Combined Scoring Method which is 80%-20% distribution for technical and Financial proposals, respectively.
- **Technical Evaluation:** The evaluation committee shall review and evaluate the Technical Proposals based on their responsiveness to the Terms of Reference and

other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the evaluation table. Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP, particularly the Terms of Reference, or if it fails to achieve the minimum technical score indicated in the evaluation table. The minimum passing score for technical proposals is **56** points out of 80.

- **Financial Evaluation:** In the second stage, only the Financial Proposal of those Proposers who achieve the minimum technical score will be opened for evaluation comparison and review. icddr,b will evaluate all Financial proposals from responsive Proposers that pass the technical evaluation.
- **Verification and reference check:** icddr,b shall reserve the right to determine to its satisfaction the validity of the information provided by the Proposer, through verification and reference checking, among other means that it deems appropriate, at any stage within the selection process.
- **Negotiation and Award:** The Award will be made to the responsive Proposer who achieves the highest combined technical and financial score, following the negotiation of an acceptable contract. icddr,b reserves the right to conduct negotiations with the Proposer regarding the contents of their offer. The award will be in effect only after acceptance by the selected Proposer of the terms and conditions and the technical requirements.

11. Bid Submission

The bidding process will be conducted through a **TWO Envelope System. Separate Technical and Financial proposals** (containing price information) must be submitted through separate envelopes no later than the time and date specified below (**Clause 14**). Proposers are required to submit their Technical Proposal separately from their Financial Proposal. **Mixing of the technical and Financial proposals shall lead to disqualification.**

Company/Service Providers/Firms shall submit proposals for all activities. When submitting both technical and Financial proposals separately please note, both sealed envelopes should be placed in a third sealed envelope superscripted "**Development of Mobile & Web Application on Legal Rights, Human Rights, and Gender-Based Violence (GBV) Awareness for Key Populations (KPs), HIV Program, icddr,b.**"

If all envelopes are not sealed and marked as required, icddr,b will assume no responsibility for the misplacement or premature opening of the Proposal.

The Proposer/s will be selected based on QCBS (Quality and Cost Based Selection) as recommended by the Bid Evaluation Committee. The evaluation will be done based on the highest combined score obtained in the technical bid evaluation and the figures quoted in the Financial bid.

The Financial proposals of the Proposers shall only be opened by the committee that qualifies in technical bid evaluation. The Financial bids of all those Proposers who have failed to qualify in the technical bid will not be opened under any circumstances.

Please note, technical proposals must not make any reference to pricing data so that the technical evaluation may be made strictly based on technical merit.

**Bid
Submission
Location**

- Supply Chain Management, icddr,b, Chiller Building, Ground Floor (through Hospital Gate Entry), Mohakhali; Dhaka 1212
- Proposers are advised **not to** submit the bid to any other location or through e-mail except to the location mentioned above.

12. Pre-Bid Meeting Schedule

Date: December 24, 2025, from 11.00 AM to 12.00 PM
Place: Microsoft Teams

Microsoft Teams [Need help?](#)

[Join the meeting now](#)

Meeting ID: 437 006 800 023 85

Passcode: Az6TB2hC

13. Communication

icddr,b requests that no icddr,b staff are contacted during this process other than Senior Research Investigator, Programme for HIV and AIDS, who may be contacted only to clarify questions concerning the RFP via email niaz@icddrb.org by **December 23, 2025** copy to SCM (email: abdul.wadud@icddrb.org and ershad@icddrb.org). The clarification will be shared with all pre-bid participants via email (if any) and during the pre-bid meeting.

14. Chronological List of Proposal Events

The following calendar summarizes important dates in the solicitation process. Proposers must strictly follow these deadlines. The dates above may be modified at the sole discretion of icddr,b.

Events	Date	Time
RFP published	December 18, 2025	-
Pre-bid meeting	December 24, 2025	11.00 AM to 12.00 PM
Proposal submission date	January 08, 2026	3 pm

12. Additional Clauses

- Vendor must ensure confidentiality and sign a Confidentiality Agreement.
 - icddr,b may request replacement of vendor personnel.
 - icddr,b may audit vendor resources and project activities.
 - Vendor must hand over all source code and documentation.
 - Proprietary software must have software escrow agreements.
-

TERMS OF REFERENCE (ToR)

Development of Mobile & Web Application on Legal Rights, Human Rights & GBV Awareness for Key Populations (KPs), HIV Program, icddr,b

1. Background

Background

icddr,b, has been implementing HIV prevention intervention for key populations through the leadership of ASP and the support from the Global Fund. The aim of this project is to prevent HIV among this KPs. To achieve the objectives, it is essential to raise awareness on human rights of the KPs. It is also essential to raise awareness and prevent Gender Based Violence (GBV) among KPs. Digital and mobile health interventions have shown promising outcomes in improving access to testing, legal awareness, and GBV support for vulnerable populations, but quality and evaluation vary, necessitating user-cantered, safety-first design. Therefore, icddr,b has taken an initiative to develop an app. The app will be locally contextualized, available in Bangla and English, and designed for anonymity and secure reporting, considering legal risks. Existing laws, such as the Domestic Violence (Prevention & Protection) Act, 2010, provide a statutory framework for protection and reporting, while Hijra populations have formal recognition but face access barriers, emphasizing the need for KP-sensitive referral networks.

2. Goal and Objectives

Goal:

To develop an application that increases awareness of human and legal rights, and provides GBV response options for KPs, linking survivors to safe services.

Objectives:

1. Provide accurate human rights information (Bangla/English).
2. Deliver psychosocial & safety planning tools.
3. Provide anonymous reporting & emergency pathways.
4. Enable anonymous, consent-based monitoring.

3. Detailed Features (Mobile & Web)

Home Screen

- Emergency Help
 - My Rights
 - Legal Information
 - Safety & GBV
 - Find Services
 - Reporting & Legal Support
 - Video Call Service
 - Mental Health Support
 - Community Stories
 - Resources
 - Chatbot + Safe FAQs
 - Settings
 - Menu
-

4. Functional Requirements (Summarized)

4.1 Emergency & Safety

- One-touch dialing
 - GPS location share
 - Pre-written SMS to trusted contacts
 - Quiet activation
 - Quick Exit Button
 - Secure photo/video evidence collection
 - Personalized safety plan
 - Digital safety modules
 - Honey trap safety training
 - End-to-end encrypted messaging
-

4.2 Rights & Legal Information

- Short videos (Bangla/English)
- Human rights & GBV content

- SRHR, HIV, PEP/PrEP education
 - Legal frameworks explained
 - Step-by-step reporting guidance
-

4.3 Reporting & Case Tracking

- Anonymous reporting
 - Encrypted storage
 - Cloud backup (optional)
 - Coded reference for follow-up
 - Dashboard for partner CBO follow-up
-

4.4 Health & Mental Health Support

- Emotional health content
 - Self-help tools
 - Referral to crisis support
 - Peer support and safe spaces
-

4.5 Video Call Service

- Client-to-legal focal point
 - Mental health support
 - Scheduled or live
-

4.6 Community Stories

- Anonymous real experiences
 - Rights awareness stories
 - Healing & resilience
-

4.7 Resource Directory

- Maps
 - District-wise services
 - Legal aid
 - Clinics & CBOs
-

4.8 Chatbot + Safe FAQs

- AI-enabled basic support
 - Escalation to live counsellor
 - FAQs for safety, legal steps, mental health
-

4.9 Settings & Privacy

- PIN/biometric lock
 - Stealth/dummy mode
 - Minimal/no data collection
 - Local storage with encrypted cloud backups
 - Clear consent workflows
-

5. Admin Dashboard Requirements

- User training analytics
- Learning progress
- Case reporting statistics
- District-based heatmaps
- Feedback & ratings
- Data export in CSV/Excel
- Automated infographics
- Crash logs
- System health reports

More details of features and functionality have been given at **Annex B**.

6. Technical Requirements

- Flutter for mobile
 - Responsive HTML5 web app
 - Server & hosting at icddr,b
 - Strong encryption (AES, SSL/TLS)
 - Version control (Git)
 - Interoperability with Excel/PDF exports
 - Offline mode support
-

7. Expected Deliverables

- System Requirement Study
 - System Analysis
 - UI/UX Design
 - Full App (Android + Web)
 - Admin Dashboard
 - Technical Documentation
 - Training
 - Deployment & UAT
 - One-year maintenance
 - AMC proposal
-

8. Training

- Delivered at icddr,b
 - User training
 - Technical training
 - Training manual provided
-

9. Timeline

- Development + UAT: 8 weeks
 - Trial/Bug fix: 2 weeks
-

10. Support Period

- One-year free 24/7 support
 - SLA for response time included
-

11. Terms & Conditions

Terms & conditions

- A. The vendor must ensure that the latest versions of tools and technologies are used when deploying to the production environment.
- B. The vendor should clearly specify the database details, application server specifications, and hosting information (whether hosted at icddr,b premises or in the cloud).
- C. The vendor should hand over the complete source code and technical documentation after deployment and must maintain proper version control for both code and deployments.
- D. Customized reports will be available through the web-based development to concerned persons.
- E. Ability to export bulk data in CSV, Excel format.
- F. System Setup, Hosting and Implementation: The application will be hosted at icddr,b premises and vendor shall be responsible for hosting, setup and implementation; however, icddr,b will provide the hosting platform.
- G. Vendor will be responsible for primary data entry to enable the application.
- H. After commissioning of the project, providing quality, timely support and maintenance are very important for its success. A complete maintenance support plan should be submitted that will include types of maintenance support services (e.g. response and resolution time according to urgency), different conditions and rules, type of resources to be mobilized, procedure to version upgrading, and their frequency and costs.
- I. **Source Code:** Priority would be given to vendor that supplies full source code with technical documentation. Otherwise Source code and technical documentation of the vendor's proprietary software should be covered under Software escrowing agreement.
- J. Apps will be deployed to the vendor's profile in the Google Play store

Details of Functionality of the App

1. Emergency Contacts (One-Touch Dialing) SOS:

- i) Police (999)
- ii) Emergency Medical (199)
- iii) Human Rights Helpline: [Number]
- iv) Boys of Bangladesh: [#]
- v) My Trusted Contact (User can add)
- vi) Share My Location

example of My Trusted Contact

- Send pre-written SMS to trusted contacts
- Share GPS location
- Activate without making noise

Peer Support & Community Space

- Encrypted group chats or moderated bulletin boards run by trained peer facilitators (opt-in)
- Optional anonymity handles and strict moderation rules

2. MY RIGHTS

Watch/Read & Learn (Written, Image and Video Education)

- Library of short videos (3–5 minutes each, in Bangla with subtitles). Topics include:
 - Know Your Rights & Laws
 - Human Rights & Dignity
 - Gender-Based Violence (GBV) Awareness
 - Health, HIV, PrEP, PEP & SRHR

Learning & Empowerment Modules

Short micro-lessons:

- Consent
- Negotiation
- Bystander support
- Self-care
- Workplace rights
- Gender identity & expression
- Digital safety
- Use multimedia (audio & illustrations) for low-literacy users.

3. Legal Information

Watch/Read & Learn (Written, Image and Video Education)

- Library of short videos (3–5 minutes each, in Bangla with subtitles). Topics include:
 - Reporting & Legal Support
- Digital Safety & Cyber Protection
- Community Resources & Service Directory

4. Safety & Emergency Actions, GBV: What to do if it happens

Easy steps:

- Immediate safety checklist (do/don't)
- Evidence preservation steps
- Health care guidance (first 72 hours)
- How to report
- Anonymous reporting options.

"Call Helpline Now" button.

Chat with a **trained virtual assistant** for guidance.

Quick Exit Button →

- Instantly closes app and opens benign website/app (e.g., weather)
- Accessible from every screen
- Customizable exit destination

i. Evidence Documentation (SAFETY & GBV)

- Quick photo/video capture
- Secure, encrypted storage
- Option to auto-upload to secure cloud
- Documentation tips for GBV incidents

ii. Safety Planning Tool (SAFETY & GBV)

- "If I'm in danger" personalized plan
- Safe places map
- Escape route planner
- Important documents checklist

iii. SECURE COMMUNICATION (SAFETY & GBV)

How to Use Safe Messaging

Step-by-step guides for:

- WhatsApp disappearing messages
- Locking chats
- Signal registration lock
- Disabling cloud backups (prevents civil force access)

"Honey Trap" Training

Scenarios include:

- Civil force using Grindr profiles
- Extortion gangs posing as romantic interest
- Fake chemsex invitations

Teaches:

- How to verify profiles

- How to meet safely
- Signs that a profile is suspicious

5. FIND SERVICES

- Search hospitals, clinics, and NGOs by district.
- Interactive map shows nearest services.
- Call directly from the app.

6. REPORTING & LEGAL SUPPORT

i. Evidence Documentation

- Quick photo/video capture
- Secure, encrypted storage
- Option to auto-upload to secure cloud
- Documentation tips for GBV incidents

ii. Anonymous Reporting & Case Tracking

- Option to submit anonymous incident reports
- Stored encryption
- Options for sharing with partner CBO for follow-up
- Coded reference number to check progress without identification

7. VIDEO CALL SERVICE (Clients & Legal focal point/Mental health)

- Direct video call
- Schedule setup
- Group call meeting.

8. MENTAL HEALTH & PSYCHOSOCIAL SUPPORT

- Common Emotional Challenges
- Self-Help Techniques
- When to Seek Professional Help
- Emergency Mental Health Support
 - Call for Crisis Support: to listed emergency mental health line or a trusted CBO.
 - Going to a Safe Space: a trusted friend or peer support worker.

9. COMMUNITY STORIES

- Real Experiences (Anonymous)
- Journeys of Resilience
- Rights Awareness Stories
- Safe Practices Shared
- Support from Networks
- Mental Health & Healing Journeys
- Reporting & Justice Experiences
- Stories of Everyday Heroes

10. RESOURCES

Community Resources & Service Directory

- Legal Aid (for court cases, civil force matters)
- Health Clinics (for general health, PrEP, PEP)
- Community-based KP organizations (for peer support, advocacy, crisis shelter)

- Mental Health Services (for counseling and crisis intervention)

11. CHATBOT + SAFE FAQs

- AI/chatbot for common questions (rights, reporting steps, safe shelter options)
- Clear escalation guidelines to human counsellor on request
- Guidance on GBV and harassment situations
- Legal information and reporting procedures
- Links to helplines and emergency contacts
- Mental health and psychosocial support tips
- Access to community resources and services
- Quick exit and app safety instructions

12. SETTINGS (User profile)/edit option

Safety & Privacy Controls (Settings)

- PIN / biometric lock
- Fast-exit button
- Dummy landing page
- Minimal data collection
- Local storage with optional encrypted cloud backup under user control
- Data deletion on demand
- Clear informed-consent workflow before any data is collected
- Provide explicit warnings about legal risks (e.g., criminalization).

Privacy & Safety Features

- End-to-end encryption for all reports
- Offline functionality (videos, text)
- Data-light design (optimized for rural internet)
- Quick exit button for emergencies

Offline Mode & Low-Data Design

- Content caches for
 - Offline use
 - Small download size
 - Text-first design
 - Optional audio narration (Bangla)

13. MENU

Suggested information architecture (menu)

- i. Quick Help (Emergency)
- ii. Learn (Rights & Laws) → short lessons (3–5 min each)
- iii. If It Happened (Step-by-step support)
- iv. Find Help (Directory & Map)
- v. Report (Anonymous form)
- vi. Chat (Bot & Peer)
- vii. My Safety Plan (build & save)
- viii. Settings (Privacy, Stealth mode, Languages)
- ix. About & Legal (disclaimer, data policy)

Monitoring & Analytics (privacy-preserving)

- Aggregate, deidentified metrics (number of modules completed, help requests, referrals made) for program monitoring
- Use differential privacy or thresholding to avoid re-identification

Admin Dashboard

The Admin Dashboard provides NGOs, health authorities, and donors with **real-time insights** into training, reporting, and overall impact. There is a probation of add, edit the data.

Core Features (Essential for Monitoring & Reporting)

User Training & Engagement

- Number of users trained
- Total hours/minutes spent in the app (daily, monthly, per participant)
- Number of logins per participant per month
- Last login date
- Certificates issued (with participant details)

Learning Analytics

- Risk assessment participation & scores
- Most frequently accessed BCC materials (monthly)

Problem Reporting

- Reports by **district and type** (Discrimination, Abuse, No Consent, etc.)
- Map visualization of reported cases
- Volume of reports over time (monthly trends)

Feedback & Ratings

- App usability rating (ease of use)
- Effectiveness rating of educational content

Export & Reporting

- Downloadable PDF/Excel reports for health authorities & donors
- Dashboard sync for external tools (Looker Studio / Power BI)

Advanced Features

User Insights

- Demographics (age group, gender, district - if ethically collected)
- New vs. returning users per month
- Drop-off points (where users stop watching videos)

Problem Resolution Tracking

- Case status: solved, pending, referred
- Average response/resolution time

Impact Measurement

- Pre- vs. post-learning improvement (knowledge gain)
- Percentage of users reporting increased awareness
- Most popular rights topics by region

**System & Quality Control**

- App error/crash logs (for developers)
- User satisfaction survey trends
- Rating changes over time

Donor/Authority-Friendly Visuals

- Automated infographic summaries
- Heatmaps showing district-wise reach and case reporting.
